Job Placement Rates

The Post-Master's Certificate in Nursing Administration program prepares students for particular employment, but Indiana Wesleyan University does not place graduates in positions of employment and cannot calculate a comprehensive placement rate for the program. Neither the Higher Learning Commission nor the state of Indiana require Indiana Wesleyan University to calculate placement rates – accordingly, the federal regulations do not currently require placement rate disclosure.

The Department of Education has promised to establish a formula for calculating placements rates for programs such as this one. Once the federal formula has been established, Indiana Wesleyan University will report placement rates by the federal formula.
