Special Circumstances Form 2012-2013

This form is used to report special circumstances or changes in your family's and/or your financial situation, which may impact your ability to pay for your education. We review circumstances on a school year time frame, thus we will only consider situations that exist between or affect the time frame of July 1, 2012-June 30, 2013. *The appropriate completed form and all required documentation must be received no later than 10 business days before the end of the academic year to guarantee consideration*. Indiana Wesleyan University must have a previously completed FAFSA on file before we can re-evaluate your financial aid package. Please **complete all relevant forms from the list provided below, include the student's name at the top of each form and attach documentation requested,** and return to the Financial Aid Office. ***All documentation requested is required***. If you do not provide the required information, your request for an exception will be denied. Documentation requirements that pertain to each type of special circumstance can be found within each individual form. Feel free to attach any statement to explain your individual situation in more detail.

Adjustments made by the Indiana Wesleyan University Financial Aid Office are reviewed on a case-by-case basis, not guaranteed, and affect aid eligibility while a student is enrolled only at IWU. The exception from IWU does not apply at other colleges or universities nor do their decisions apply at IWU.
