The Freshman Orientation Newsletter for John Wesley Scholars

## JOHN WESLEY SCHOLARS CLASS OF 2008

### Welcome JWHC Class of 2012!

As you're finishing the final few weeks of high school I'm sure you are anticipating the commencement of your education at Indiana Wesleyan. As someone who has recently finished her time as a student at IWU, I'd like to encourage you to make the most of your time as an undergraduate right from the beginning. You've already made an important first step toward this by becoming a John Wesley Scholar. I pray that through your time in the Honors College, you will begin to

learn how to truly love the Lord with all your mind. There are many professors, staff, and administrators here at IWU who would love to help you along this process and I urge you to take them up on their offer. Interactions with fellow students can also provide opportunities for growth, whether it be intellectual, social, or spiritual. Take advantage of all the opportunities presented to you as a student both in the Honors College and at IWU in general. I wish you the best as you make this transition in your life!

## WHAT DO YOU DO IN YOUR FREE TIME?

## MEET KAREN...

	NAME:	Karen Malaca
	AGE:	19
	YEAR:	Junior
	MAJOR:	TESOL & Intercultural Studies. Minor in English.
	HOMETOWN:	Chicago, IL
	LIFE VERSE:	Proverbs 3:5-6 (overdone, perhaps, but I love it)

### FAVORITE ASPECT OF HONORS COLLEGE SO FAR:

I love being part of a small group of unique individuals within IWU and getting to know people in different majors and years. The classes I've taken with JWHC are so much more interactive and dynamic compared with other gen eds and that's helped me grow a lot intellectually and even spiritually.

### WHAT DO YOU LOVE ABOUT IWU?

First off, I love that IWU has a fast-developing TESOL program. Next, everyone is so friendly. Opening doors for other people is second nature around here and that's pretty weird. Really. And where else can you leave your stuff lying around for hours and then come back to find all your money untouched? Not in Chicago, that's for sure.

### WHAT ARE YOU INVOLVED IN ON CAMPUS?

This year, I am a diversity coordinator, desk worker, and RAR (RA's roommate) in Carmin Hall.

### WHAT DO YOU DO IN YOUR FREE TIME?

My favorite things to do at school are play cards (euchre!) or other games, pool, piano, guitar, hang out at McConn or by the fountain, and read and write.

### ADVICE FOR INCOMING FRESHMEN?

Talk to everyone. You can be whoever you want to be. Stay up late with your friends, but make sure you still wake up in time for classes. Do whatever it is you've always wanted to do because you only get to be a freshman in college once. Enjoy that free-spiritedness. Most importantly, don't drop your tray at Baldwin. That's just embarrassing.

**FAVORITE DRINK AT MCCONN**

#### Karen states:

I have way too many favorite drinks from McConn. Basically, if you like coffee, try the white light berry with blackberry syrup or a caramel macchiato freeze. If you don't like coffee, the green apple jet tea smoothie with caramel tastes just like it sounds. Or the strawberry lemonade. Mmm...

## FROM THE DESK OF THE PROGRAM COORDINATOR...

Dear Scholars,

It is time to dispel a little rumor. It is true. I have resigned my position as Program Coordinator for the Honors College. My last day will be June 30th. This is a bittersweet departure as I love the Honors College and the mission and vision Dr. Riggs has for it. Let me explain my decision...

When you spend so much time recruiting people, telling them about the Honors College and how we desire to help young men and women find their true Kingdom of God calling, you can't help but begin to wonder what yours might be. Naturally, I began to question whether or not I had found my calling. In short, I do not believe I have.

I am thrilled to begin my Masters in Higher Education at Taylor University this Fall. I truly feel I am following God's will for my life. After completing my Masters at Taylor, I will pursue my Masters in Library Science to become, yes, you guessed it, a Librarian. I am very excited for this! This is a childhood dream that I believe better suits the gifts the Lord has given me; gifts of organization, research, troubleshooting, systems, and methods.

It has truly been a joy serving you and to you freshmen, recruiting you. I will miss all of you. Remember though, I am not far away. I will still be in Grant County! If you're ever over at Ivanhooes, Facebook me! I practically live next door!

Back to you and the role of this newsletter...

My goal with this newsletter is to give you a taste of what the Honors College has to offer you. I want you to be well informed young scholars by the time you get to campus. Since most of our students are involved in leadership positions all over campus, you will be hit

with opportunities aplenty! I want you to be as informed about the Honors College as you possibly can be so you can make educated decisions on what you get involved in and how it will affect your time management.

For those of you who counted the graduates in the picture, please realize not all of our graduating John Wesley Scholars are featured. Some had other commitments and some plumb forgot to meet for the senior photo. It happens every year. :) So please dear freshmen, remember to show up for your JWHC senior class photo! We send many reminders...

We look forward to meeting all of you at registration! There will be information in your registration packet about meeting with Dr. Riggs before signing up for courses. In case they forget to put an announcement in your registration packet, just know you have a meeting with the Honors College after the morning's general assembly. I'll be looking for you!

There are so many exciting things happening within the Honors College! My position was added in 2006, we added an Associate Director, Dr. Todd Ream, in 2007, and we are still growing!

If you have any questions, concerns, suggestions, please feel free to contact me until June 30th at:

Deborah.austin@indwes.edu.

I check my email constantly so it is the best way to reach me. I am hoping to announce my replacement in the June issue of this newsletter. Won't you pray with us as we search for just the right person to serve you and the Honors College? Thank you!

**NAME:** Deborah Austin  
**OFFICE TITLE:** Program Coordinator  
**MAJOR:** I have a BA in English Literature and a BA in Spanish from Taylor University.  
**YEAR:** I guess grade 17. :)  
**HOME-TOWN:** Arlington Heights, IL. Currently Upland, IN

**FAVORITE CLASS TO DATE:**

There are 2 classes I would take over and over again: News and Views through the Eyes of Faith and Honors Forum.

**FAVORITE DRINK AT MCCONN:**

I'm a coffee snob... but I enjoy a good Mocha or a Sugar-free decaf Vanilla Latte

**PET PEEVES:**

Glass ceilings, people who don't use their turn signals or forget to turn them off, sticky and/or gooey things, mind games.

**ICE CREAM FLAVOR THAT DESCRIBES ME...**

Phish Food by Ben & Jerry. It's a busy, complex ice cream with multiple layers, but overall smooth, sweet and satiates a myriad of demands. Proceeds from its sales go to an environmental cause, so like me, there is always more than one thing going on... I'm constantly thinking of things to meet many needs... I'm not a fan of the musical group Phish though...

**ADVICE FOR INCOMING FRESHMEN:**

Read my letter to you...

## LEADERSHIP SPOTLIGHT: BOWMAN HALL RA, KYLE KUNZMANN

Hey! I would like to be among the many to welcome you to Indiana Wesleyan University and the John Wesley Honor's College. I have heard a lot about many of you and am excited to meet you in person, if I haven't done so already!

Due to the fact that many of us haven't met, here is just a bit of background information. My name is Kyle Kunzmann and I will be a sophomore at IWU next year majoring in youth ministries and biblical literature with a predeclared minor in theology. What a mouthful... I have a pretty wide range of hobbies but especially enjoy anything that can be done outside with other people. I am an extrovert through and through and love to be around people.

That's a brief little synopsis of me. I hope to get to know you a little more than that. What I want to address today though, is directed mostly to the incoming guys. I'm sure that if you're receiving this newsletter, you've at least considered where you will be staying in the coming year.

I spent my freshman year in Bowman House and will be spending the next year there as an RA. My viewpoint of Bowman is, of course, from a personal viewpoint, but I wanted to try and focus on some common misconceptions of Bowman and give you an idea of what it really looks like as part of residence life.

Bowman House became a male dorm in 1996 in order to address the issue of positive community and mentoring on campus. This is where the heart of Bowman began. The founders of Bowman House wanted to create an intense community, so they looked for the positive aspects in fraternities around the area and began to base some foundations on that.

That's just a little bit of Bowman history, but I want to take a short paragraph and discuss a common misconception I've seen. On campus, Bowman is stereotypically the "immature dorm." Like many stereotypes, there is a hint of truth, but are overall, pretty wrong. I've met many incredible men in Bowman that truly have a passion for God that has touched my life. Bowman can be crazy, we have a lot of fun, but there is still a focus and desire to build a community that is tightly knit and focused on Christ.

Honestly, I can't tell you in words the way that Bowman has changed and developed me. It has the tightest-knit community on campus and is one of the best places that freshman can learn to take up the mantle of leadership. I hope you all have a memorable senior year and a relaxing summer. I hope to see you in Bowman House next year!

Kyle Kunzmann (kyle.kunzmann@student.indwes.edu)
