### Preparing the Annual Security Report (ASR)

The Indiana Wesleyan University Annual Security Report (ASR) includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by the University, and on public property within, or immediately adjacent to and accessible from, the campus (see section V). The ASR also includes institutional policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other related matters. In preparing this report, the University makes every effort to obtain information from local law enforcement agencies and also includes crimes reported to certain University officials. You may obtain a copy of the ASR by contacting the IWU Department of Campus Police at 765-677-2901 or by accessing the following Web site:

### Campus Police

Indiana Wesleyan University is a security-minded university and is privileged to have its own police department on the Marion Campus, registered with the Indiana Law Enforcement Academy. The overall goal of the Campus Police department is to provide a safe and secure campus for our students, staff, and visitors. In addition to working part-time for Campus Police, all officers serve as full-time deputies with the Grant County Sheriff's Office, have graduated from the Indiana Law Enforcement Academy, and undergo continual training and updating through the Sheriff's office. They all carry a weapon and have the power to arrest. On the Marion campus, Campus Police enforce all regulations and laws both of Indiana Wesleyan University and the State of Indiana. For the regional centers, The Campus Police Office serves as the general oversight office, helping to implement Clery regulations, emergency preparedness plans and to ensure safety.

The mission of IWU's Campus Police Department is to work with the campus community to preserve life, maintain human rights, protect property and promote individual responsibility. The officers are committed to providing a high-quality, community-oriented, and customer-sensitive police service that encourages teamwork, problem solving and continuous improvements.

# Keeping IWU a Safe Place

## Tips for Crime Prevention

The cooperation and involvement of all members of the IWU community is essential in promoting safety. IWU students, faculty, and staff must assume responsibility for their own personal safety and the security of their personal belongings by taking simple, common sense precautions. An individual's awareness of environment and surroundings is the best place to start.

### The University suggests the following crime prevention measures, which can contribute to the safety and security of the IWU community.

- Report any suspicious-looking individuals or vehicles that you believe do not belong on any campus or IWU property to Campus Police (765-677-4911). If you are at a non-Marion campus location, such as a regional center, contact local police by calling 9-1-1.
- For those who attend the Marion campus, it is recommended that individuals do not run or jog alone, especially at night.
- Lock your car.
- Keep your car keys with you at all times.
- For those who live on campus, keep your room locked whenever you leave, and keep your keys with you; do not loan them to others.
- For those who live on campus, do not prop open exterior doors of residence halls unless you are actually entering or exiting at that time.
- At night, travel in well-lighted areas and in pairs, if possible. Avoid short cuts and deserted areas.
- Do not leave valuable items in your car, including personal items and school-related materials such as textbooks.
- Do not park in isolated areas.
- Leave items of high monetary value at home.
- Do not leave personal property unattended.
- Do not carry more cash than necessary, and certainly do not advertise what you have.
- Keep your purse, backpack or briefcase close to your body.
- Mark personal items that you bring on campus, including textbooks, laptops and calculators with your name or some other traceable identification.
- Do not bring any kind of weapon on University property.
  - The carrying of weapons on campus or any University property, at University-sanctioned events or when meeting with University personnel is prohibited and subject to disciplinary action. This policy is not applicable to students who are law enforcement officers required by law to carry firearms 24 hours a day.
- If anything makes you feel unsafe or threatened, dial 765-677-4911 for the Marion campus, and 9-1-1 for regional centers or remote sites.
- Notify Campus Police if you have a protective order issued against an individual that cites Indiana Wesleyan University as a protected location.

## New Student Orientation Safety Briefing

For the Marion campus, in the course of New Student Orientation all students are briefed on general safety by the IWU Director of Campus Police & Emergency Management and/or a fully sworn in police officer. The safety awareness includes instruction on contacting Campus Police in the event of immediate danger, personal safety, walking/jogging precautions, and travel advice.

The Marion Campus is currently working on a transition plan for the general safety briefing for New Students. The Director of Campus Police & Emergency Management is working with the NSO committee to develop

the best avenue for this training program. Estimated implementation is fall 2016-17.

## Emergency Flipchart

Campus Police provides an Emergency Procedures Flipchart for every work station and office at the Marion campus and regional centers. The flipcharts are designed to assist in minimizing the negative effects from various emergency situations.

## Care Team

The University has two CARE teams, one for the residential campus, and one for the non-residential campuses. The CARE Team (Campus Assessment, Response, Evaluation) is a group of university administrators that serves as a clearing house for individuals to report concerning student interactions and/or behavior. The group reviews reports to carefully determine:

- a) If intervention is necessary
- b) Appropriate course of action
- c) Any necessary follow-up

The purpose of the CARE Team is to identify students of concern and increase the probability that they receive the needed care and resources to strengthen retention and student success and minimize the risk of campus disruption or danger.

## Health & Safety Committee

The IWU Health & Safety Committee was established in December of 2013. The group consists of eight committee members who report to the CSAG annually. The purpose of the committee is to reduce the risk of injuries and illnesses within the community through awareness and help insure compliance with federal and state health and safety standards.

## How to Report Crimes and Safety Related Incidents

In emergency situations at the Marion campus, dial 765-677-4911 for Campus Police, and for all other locations dial 9-1-1 for local emergency personnel. Calls are answered 24 hours a day, 7 days a week, 365 days every year. IWU Campus Police, local police and fire or medical departments will respond immediately.

In addition to reporting incidents by phone, Marion campus students have the option of visiting the Campus Police office in person. The office is located on the bottom floor on the east side of the Barnes Student Center.

### Marion Campus Emergency Telephone System (ETS)

Located in the Performing Arts, Science Hall, New Science Hall, Ott Hall, Center Hall, and Seminary parking lots. The ETS boxes are painted blue, have a blue light on top, and are marked "EMERGENCY." In the event of an emergency:

**1.** Open the door **2.** Push the button **3.** Campus Police will answer.

### SafeRide

SafeRide is a free student operated transportation service comprised of criminal justice majors employed through the Campus Police Department. This service is an alternate to walking alone on campus.

### Campus Security Authorities (CSA's)

Campus Security Authorities (CSA's) have been designated for all IWU owned and controlled properties. For the Marion campus, Campus Police is the CSA. For regional centers, the building managers are usually the CSA. Campus Police, in conjunction with CAPS Operations, has oversight of the regional center's CSA's.

The primary function of the CSA is to report, via the Maxient system, all safety-related incidents that occur on the premises. CSA's will also assist in emergency notification and evacuation procedures. CSA's undergo annual training to ensure they are prepared for their responsibilities.

**Regional centers:** As a general rule, dial 9-1-1 and contact emergency response authorities (police, ambulance, fire) before contacting your CSA.

## Other Considerations for Incident Reporting

### Accurate and Prompt Reporting of Crimes

All members of the IWU community are encouraged to report all criminal activity in an accurate and prompt manner. The delay of reporting crimes can impede emergency intervention or the investigative process. Prompt and accurate reporting helps IWU to be a safer place.

### Voluntary Confidentiality

Indiana Wesleyan University allows the victims or witnesses to report crimes on a voluntary confidential basis. The report of criminal activity may be anonymous and the person reporting the crime may request confidentiality. If substantiated, the crime will be included in the crime statistics.

### Release of Disciplinary Proceedings of Perpetrators for Violent Crimes and Sex Offenses

Upon written request, Indiana Wesleyan University will disclose to the victim of a crime of violence, or a non-forcible sex offense, the outcomes of any student conduct process conducted by IWU against the student-perpetrator. If the victim is deceased as a result of the crime or offense, IWU will provide the results of the student conduct process to the victim's next of kin, as requested.

### Exemptions for Chaplains and Professional Counselors to Report Crimes

University employs professional chaplains/clergy, clinical counselors, medical providers, and a Victim Advocate Liaison. These individuals are NOT required to report crimes disclosed by their counselees and/or clients. Professional Counselors and chaplains are NOT required to report crimes disclosed by their counselees. As a matter of policy, they are encouraged if they deem it appropriate to inform individuals being counseled of the procedures for reporting crime on a voluntary, confidential basis. Professional Counselors and chaplains DO have a legal obligation to report crimes against minors.

*This exemption rule does NOT pertain to student chaplains. Clinical counselors, Dean of Chapel and Regional Chaplains are exempt, but student chaplains ARE required to report all crimes disclosed to them.*

## Timely Warnings and Emergency Notifications

### IWU Alert

IWU Alert is the Wireless Emergency Notification System for the IWU Marion campus and regional centers. It is used by IWU as a way to instantly text mobile devices and e-mail when an urgent situation needs to be communicated. IWU Alert notifications are specific to an individual's chosen IWU location(s).

### How to Receive IWU Alert Notifications

IWU students, faculty, and staff can register by visiting the Campus Police page found on the IWU portal and entering entering your mobile number and/or email address. You will receive a text confirming that you have opted into the alert system to receive emergency notifications. Your registration information is private and will not be shared.

### Activating IWU Alert

In the event of a Marion campus-wide emergency, such as violent crimes in progress, severe weather, or a fire, you should immediately contact Campus Police by dialing 765-677-4911. Campus Police start the process of issuing a *crime alert*, or *emergency notification* depending on the situation.

For emergencies at regional centers, contact the CSA (building manager) to activate the IWU Alert system. If the CSA is not available, call **9-1-1**. Only CSA's Regional Deans, the Director of Non-residential Operations, CSA's, or their chosen designees can activate crime alerts or emergency notifications at the regional centers.

### Protocol and Communication for Crime Alerts (timely warnings)

Campus Police or CSA's will post a "crime alert," advising that there has been a

known systematic pattern of a crime or series of crimes that may pose a threat to the safety or welfare of the campus. The crime alert will be sent to mobile devices and email. In addition, these timely reports will be posted in visible and accessible areas on the campus, such as bulletin boards and monitors across campus.

## Additional Safety Related Policies

### Building Security

The University's goal is to provide a campus environment that is as safe and secure as possible. Generally, campus buildings and facilities are not only accessible to members of the campus community but also to the public during normal business hours. However, after normal business hours, facilities are either locked or have a hall monitor to screen access after normal hours. Campus residence halls are locked at all times. A key card is required for entrance.

### Security Cameras

In addition, the University has security cameras located in strategic locations that may be observed in the IWU Campus Police Dispatch Center.

### Security Checkpoints

In 2015-16, The Office of Campus Police, implemented a checkpoint system. This system requires the officer(s) on duty to check specific locations on campus with a checkpoint tool. The tool collects the data and is downloaded into Campus Police software. This enables Campus Police to verify when a location was checked by an officer or their student security representative. In addition, reports may be generated to aid in making security decisions based on data.

### Maintenance of IWU Facilities

The Department of Facilities Services is responsible for the upkeep and repair of campus facilities, and strives to keep IWU's buildings and grounds safe and hospitable for the entire campus community. Should you find any safety-related issues with the facilities, you should call the Department of Facilities Services at 765-677-2313 during business hours of 7:00am—5:00pm Monday—Friday. If the issue is outside of business hours, contact Campus Police. People in regional centers or other locations should contact their Campus Security Authority. Prompt reporting enhances campus safety for all concerned.

If you see maintenance activity, be advised to keep a reasonably safe distance and take extra precaution. For construction sites on IWU properties, members of the IWU community are not permitted past the marked partitions unless authorized by the department of Operations and Facilities Planning. If given permission for entry, hard hats are required at all times when entering construction sites.

### Working Partnerships with Local and State Law Enforcement

Indiana Wesleyan University advocates and supports a close cooperative working relationship with federal, state and local law enforcement agencies. This cooperation includes reinforcing all levels of law enforcement agencies, as circumstances warrant. Campus Police officers work closely with the Marion Police Department and the Indiana State Police to assist with incidents that may occur off-campus. For locations other than the Marion campus, the Campus Security Authority will facilitate crime reporting to all law enforcement agencies and assist them as needed.

Currently, IWU maintains a memorandum of understanding (MOU) with the Grant County Sheriff's Department to provide the law enforcement personnel that comprise IWU Campus Police. There are no other formal MOU's with law enforcement agencies.

### Student Involvement in Off-campus Crimes

Although Indiana Wesleyan University operates no off-campus housing or off-campus student organization facilities, some students live in the residential areas around the Marion campus and beyond. IWU students involved in an off-campus criminal incident are subject to University disciplinary action, in addition to state and local criminal proceedings. IWU Campus Police will assist with investigations in collaboration with local, state, and federal law enforcement. Furthermore, while the Marion Police Department has primary jurisdiction for all of Marion property, IWU Campus Police can and will respond to student-related incidents that occur in close proximity to the

Marion campus. Campus Police officers utilize direct radio communications with the city police, fire, and ambulance agencies to enable timely response to emergency situations.

In accordance with IWU policy, a Marion campus student who violates local, state, or federal law, on or off campus, may also be subject to the Student Conduct Process. Students are to report criminal charges and/or arrests to the Director for Student Conduct and Community Standards within 72 hours of being arrested and/or criminally charged or convicted.

Students from other locations (including online students) may be subject to academic dismissal if involved in criminal activity, pursuant of CAPS Expectations of Personal and Professional conduct, and IWU Catalog - CAPS objective number four.

## Location-specific Safety Policies and Procedures

Indiana Wesleyan University allows the victims or witnesses to report crimes on a voluntary-confidential basis. The report of criminal activity may be anonymous and the person may request confidentiality. If substantiated, the crime will be included in the crime statistics.

### Marion campus

#### The Marion Campus Daily Crime Log

Campus Police at the Marion campus maintain a daily crime log. This log lists crimes reported on a daily basis. The log contains the nature of the crime, the date reported, the date of the crime, the general location of the incident and the disposition if applicable and if known. The log is available for inspection by anyone for 60 days from the date the incident was reported. Afterwards it is available for two (2) more years with 48 hours notice. The Daily Crime Log is located at the Campus Police Office on the first floor of the Barnes Student Center.

### Emergency Response and Evacuation Procedures

IWU maintains a document called the Indiana Wesleyan University Integrated Emergency Operations Plan (IEOP). This document outlines the overall emergency plan for the University. It describes the levels of emergency operations, the chain of command/response in an emergency situation, and guidelines for Individual Building Emergency Planning. It also provides a flip chart outline of basic emergency response procedures. This flip chart is designed to be printed and placed at every workstation throughout the University.

The Mission of IWU's Integrated Emergency Operations Plan is to enable the University to respond to an emergency situation in a safe, effective, and timely manner. University personnel and equipment will be utilized to accomplish the following priorities:

- Priority 1** Protection of Human Life
- Priority 2** Protection of University Assets
- Priority 3** Maintenance/Restoration of University Core Services
- Priority 4** Restoration of University Operations

For most major campus emergencies, the Emergency Response Plan activation begins at the discretion of the University Incident Commander upon the receipt of information of an emergency event or threat of an emergency. Based on the Campus Police recommendation and information obtained from other appropriate entities, the University Incident Commander, after consultation with the University President, will declare the level of the emergency and activate the Integrated Emergency Operations Plan to the extent necessary.

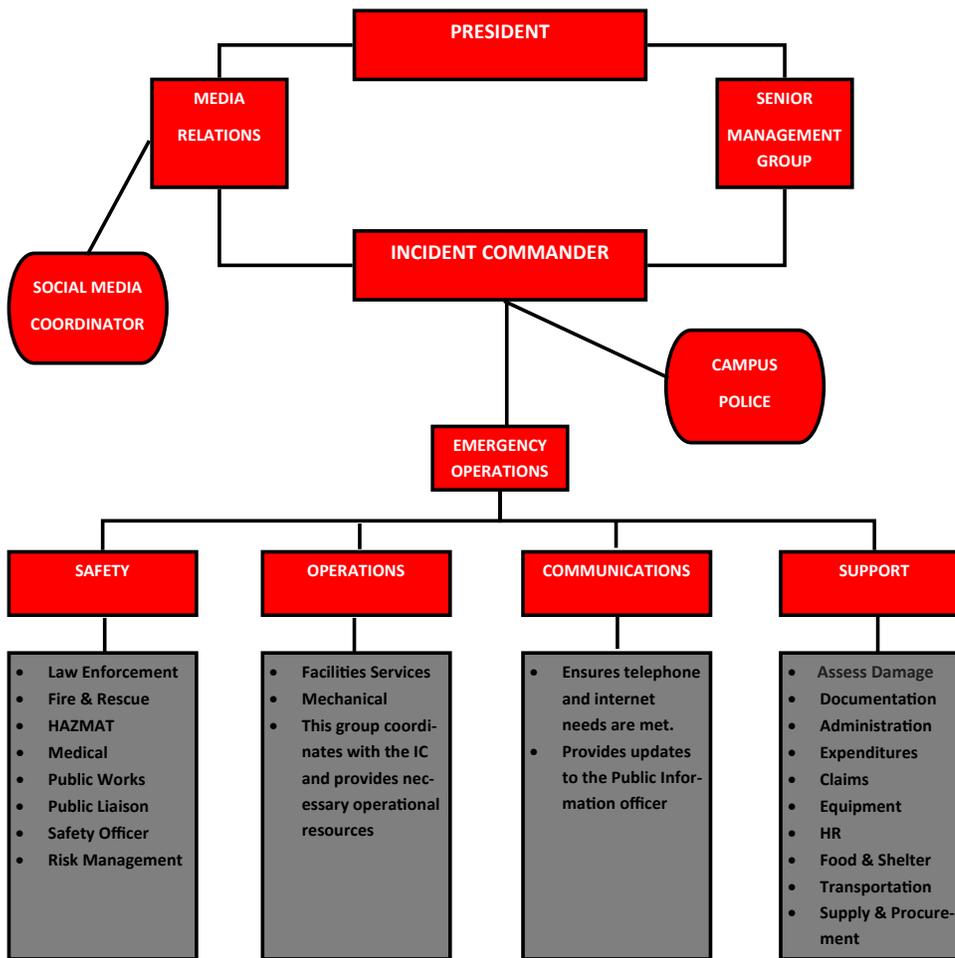

The University Incident Commander and/or designee will determine if a notification is to be sent for all emergency events. Notification of Level 2 and Level 3 emergency situations will be issued primarily via the "IWU ALERT" which will send electronic text messages to cell phones if selected by the recipient. Email notification will be sent to all IWU active email addresses.

Upon activation, the Emergency Operations Team members will be notified and should report to the Emergency Operations center. The Emergency Operations Team shall review the circumstances of the emergency with the Incident Commander who will brief the President and determine the appropriate response.

### Missing Person Policies and Procedures

The investigation and resolution of missing person(s) cases are the responsibility of the law enforcement community. When a student is reported as missing to an Indiana Wesleyan University official, the institution has the responsibility to ensure that privacy of members of the campus community is protected and will immediately confirm by all available means that a reported missing person is actually missing before reporting to police. *This policy does not in any way deter anyone from reporting a person missing directly to the police.*

It is imperative that a missing person reports be given a high degree of priority. All available college resources must be utilized in an appropriate fashion to ensure that necessary steps are taken to protect anyone who may be reported missing. To better accomplish this objective, the following policy outlines the basic steps that members of the Indiana Wesleyan University staff should take when a student is reported missing.

### Additional Contact Statement

Each student has the option to register a confidential contact person to be notified in the case that the student is determined to be missing. Only campus officials and law enforcement officers in furtherance of a missing person investigation may have access to this information.

If you would like to register a missing person contact, please notify:

Campus Police  
Mario Rangel  
Director of Campus Police & Emergency Management  
765-677-2497

## Reporting a Missing Person

An individual will be considered missing if a roommate, classmate, faculty member, family member or other campus person has not seen the person in a reasonable amount of time. A reasonable amount of time may vary with the time of day and information available regarding the missing person's daily schedule, habits, punctuality, and reliability. Individuals will also be considered missing immediately if their absence has occurred under circumstances that are suspicious or cause concerns for their safety. If the initial report that a person is missing is made to a department other than the Campus Police, the staff member receiving the report will ensure that Campus Police and/or the Life Calling and Integrative Learning office is contacted immediately.

Indiana Wesleyan University will contact the proper authorities and begin our missing student notification procedures within 24 hours of the determination that a student has been missing for 24 hours. This does not preclude initiating procedures as soon as the student has been determined missing. If the missing student is less than 18 years of age and not emancipated, their parent or guardian will be notified.

Any member of the campus community who has reason to believe a person is missing may notify one of the following individuals:

### Campus Police

Mario Rangel  
765-677-2497

### Resident Director

Campus Operator  
765-674-6901

## Regional Centers

Regional locations are single-building or space within a building used for educational and/or student service purposes. IWU operates 18 locations throughout Indiana, Illinois, Ohio, Kentucky, and Florida. IWU makes concerted efforts to keep these locations as safe as possible for all students, faculty and staff.

### Emergency Response and Evacuation Procedures

Each IWU location maintains location-specific emergency response and evacuation procedures that follow the template procedures established for the Marion campus. These procedures are housed with the Director of Regional Operations and Logistical Support, and Campus Police. These procedures will be tested annually.

### The Merrillville Daily Crime Log

The Merrillville education center has its own nighttime security personnel and maintains a daily crime log available for public viewing. This log lists crimes reported on a daily basis. The log contains the nature of the crime, the date reported, the date occurred, the general location of the incident, and the disposition, if applicable and if known. The log is available for inspection by anyone for 60 days from the date reported. Afterwards it is available for two (2) more years with 48 hour's notice. The log is located with the receptionist at the front desk in the lobby of the building.

## Remote Locations

The University also conducts classes in smaller settings such as hotels, hospitals, community buildings, etc. that are not owned or directly controlled by Indiana Wesleyan University. These are referred to as remote locations. IWU takes measures to ensure these locations are safe to conduct educational activities prior to starting classes. IWU does not provide CSA's for such locations, and the building manager/owner is responsible for safety issues.

IWU solicits crime statistics from local police at remote locations. Once substantiated, these statistics are included in the Annual Security Report. If it is concluded by the CSAG that a remote site is unsafe, it may be discontinued for educational purposes.

Students at remote locations are encouraged to help ensure their personal safety by becoming familiar with emergency exits and following the Tips for Crime Prevention section on page four.

## Maintaining a Drug and Alcohol Free University

Alcoholic beverages, illegal drugs, misuse of prescription medications, and firearms are not permitted on Indiana Wesleyan University premises, including rented classrooms and any building or parts of buildings owned or operated by Indiana Wesleyan University. Refusal to comply may result in dismissal from the University.

### Illicit Drug and Liquor Laws

The following is a summary of the laws of Indiana that pertain to substance abuse. Dealing cocaine, marijuana, hash oil, hashish, narcotic drugs, a controlled substance or paraphernalia is also a felony. Alcohol possession or illegal consumption for minors (under the age of 21) is a misdemeanor offense. If any individual associated with the University is apprehended for violating any drug or alcohol-related law when on University property, or participating in a University activity, the University will fully support and cooperate with federal and state law enforcement agencies.

**Note:** A violation of any law regarding alcohol or drugs is also a violation of the University's Student Conduct Policy and Faculty/Staff Handbooks and will be treated as a separate disciplinary matter by the University.

The Controlled Substance Act (1970) places all substances regulated under Federal law into one of five schedules based on the substance's medical use, potential abuse, and safety or dependence liability.

### Drug and Alcohol Abuse Prevention Programs

Indiana Wesleyan University has developed programs to prevent the illicit use of drugs and the abuse of alcohol by students and employees, respectively. The programs provide services related to substance use and abuse including dissemination of informational materials, educational programs, counseling services, referrals, and college disciplinary actions. The extents to which these services are offered or made available vary depending on the institutional classification of the individual (i.e. faculty/staff or student).

### Student Services

For students enrolled as undergraduates at the Marion campus, individual counseling and assessments are available through the Center for Student Success for those struggling with substance use or abuse. Where necessary, students will be assisted in connecting to other allied medical services, including physicians, nutritionists and group recovery programs. The Center for Student Success will also continue to work in a close and complementary

fashion with these other treatment services, as deemed appropriate.

The Office of Student Conduct & Community Standards also seeks to prevent substance use and abuse through the enforcement of the institution's policies regarding drugs and alcohol. A student who is found responsible for substance use or abuse will receive sanctions commensurate with the offense.

### Faculty/Staff Services

Faculty and staff members of the institution struggling with substance use or abuse will be referred by the Office of Graduate Counseling to counseling practices and other services outside of the University. For those employees who participate in the University-endorsed health insurance plan, coverage is available for select drug and alcohol rehabilitation programs.

## Dealing with Sensitive Crimes

### Sensitive Crimes Policy

*Indiana Wesleyan University has a zero tolerance policy towards sensitive crimes which include but are not limited to domestic violence, dating violence, sexual assault, or stalking. All reported incidents will be fully investigated within the university and may be reported to local law enforcement.*

### Policy Overview

Members of the IWU community, guests and visitors have the right to be free from sexual misconduct. Accordingly, all members of the campus community are expected to conduct themselves in a manner that does not infringe upon the rights of others. As part of the University's zero tolerance policy for sexual misconduct, when an allegation of misconduct is brought to an appropriate IWU official's attention, and a respondent is found to have violated this policy, serious sanctions will be used to reasonably ensure that such actions are never repeated. This policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. This policy is intended to define community expectations and to establish a mechanism for determining when those expectations have been violated.

The University reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct in order to protect students' rights and personal safety, including no-contact order, restraining order, criminal trespass notice, modifying academic and living situations if requested and reasonably available. Not all forms of sexual misconduct will be deemed to be equally serious offenses, and the University reserves the right to impose different sanctions, ranging from verbal warning to expulsion depending on the severity of the offense. The University will consider the concerns and rights of both the complainant and the person accused of sexual misconduct.

### Other related Offenses include but are not limited to:

1. Sexual Harassment
2. Non-Consensual Sexual Contact (or attempts to commit same)
3. Non-Consensual Sexual Intercourse (or attempts to commit same)
4. Sexual Exploitation
5. Domestic Violence
6. Dating Violence
7. Stalking

## Sexual Harassment

Sexual harassment is defined as unwelcome, gender-based conduct that is sufficiently severe, persistent or pervasive that it unreasonably interferes with, denies or limits someone's ability to participate in, or benefit from the University's educational program and/or activities. Sexual harassment can be carried out by a University employee, other students, as well as non-employee third parties. Both male and female students can be victims of sexual harassment, and the harasser and the victim can be of the same gender.

### Examples of conduct that may be unlawful sexual harassment include:

- The distribution or showing of emails, text messages, pictures, or electronic content of a sexual nature;
- Propositioning or pressuring an individual for sexual activity;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Touching of a sexual nature;
- Performing sexual gestures or touching oneself in front of others;
- Spreading sexual rumors or describing sexual experiences; and,
- Telling sexual jokes.

### Sexual harassment falls under three categories: *quid pro quo*, hostile environment, and retaliatory harassment.

*Quid pro quo* sexual harassment exists when there are: (1) unwelcomed sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature; and (2) submission to or rejection of such conduct results in adverse educational actions. An example of *quid pro quo* sexual harassment would be a faculty member lowering a student's grade for not submitting to sexual advances.

Hostile environment sexual harassment exists when an individual creates a contentious environment that is sufficiently serious enough that it denies or limits a student's ability to participate in or benefit from the University's programs. The conduct does not necessarily have to be repetitive. If sufficiently severe, single or isolated incidents can create a hostile environment.

Retaliatory harassment is an adverse action taken against an individual because of a person's participation in a complaint or investigation of discrimination or sexual misconduct.

Any student who has been sexually harassed should immediately notify one of the University officials listed in the Non-Confidential University Reporting section found on page 15.

## Non-Consensual Sexual Contact

Non-Consensual Sexual Contact is any intentional sexual touching, however slight, with any object, by a man or a woman upon a man or a woman, that is without consent and/or by force.

Sexual Contact includes: intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, including with bodily fluids, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.

## Sexual Exploitation

Sexual exploitation occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute one of other sexual misconduct offenses.

### Examples of sexual exploitation include, but are not limited to:

- Invasion of sexual privacy;
- Prostituting another student;
- Non-consensual video or audio-taping of sexual activity;
- Going beyond the boundaries of consent (such as letting your friends hide in the closet to watch a sexual experience)
- Engaging in voyeurism;
- Knowingly transmitting a Sexually Transmitted Disease/Infection or HIV to another student;
- Exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals;
- Sexually-based stalking and/or bullying may also be forms of sexual exploitation

### Applicable Definitions

*Consent* is clear, knowing and voluntary by an individual of legal age. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Previous relationships or prior consent cannot imply consent to future sexual acts.

*Sexual activity* with someone who one should know to be -- or based on the circumstances should reasonably have known to be -- mentally or physically incapacitated (by alcohol or other drug use, unconsciousness or blackout), constitutes a violation of this policy.

- Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the "who, what, when, where, why or how" of their sexual interaction).
- This policy also covers a person whose incapacity results from mental disability, sleep, involuntary physical restraint, or from the taking of rape drugs. Possession, use and/or distribution of any of these substances, including Rohypnol, Ketamine, GHB, Burundanga, etc., is prohibited, and administering one of these drugs to another student is a violation of this policy. More information on these drugs can be found at <http://www.911rape.org/>.
- Use of alcohol or other drugs will never function as a defense for any behavior that violates this policy.

*Force* is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcome resistance or produce consent.

*Coercion* is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another. When someone makes clear to you that they do not want sexual activity, continued pressure beyond that point can be coercive.

*Dating Violence* means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors:

- The length of the relationship.
- The type of the relationship.
- The frequency of interaction between the persons involved in the relationship.

*Domestic Violence* includes felony or misdemeanor crimes of violence committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving rent monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

*Stalking* means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.

## Safety Training and Awareness

### Ongoing Safety Awareness and Training

The Campus Police Office posts monthly safety tips to students and employees via the IWU Campus Police Facebook page and via IWU Review emails. The safety tips include but are not limited to information regarding sensitive crimes, (domestic violence, dating violence, sexual assault, and stalking), severe weather, walking alone, and cybercrime.

### Employee Training

IWU has a mandatory online active shooter and Title IX (domestic violence, dating violence and stalking) training for all employees. The training is conducted annually and requires the participant to complete a quiz at the end of each session.

## Reporting Procedures

While IWU encourages reporting of domestic violence, dating violence, sexual assault, or stalking, it is ultimately the student or employee's decision whether to file a criminal and/or University complaint unless the student is a minor. IWU counselors, IWU Victim Advocate Liaison, chaplains, and administrative personnel will assist the student in contacting and reporting the incident to Campus Police and/or local police, if they so choose.

### Criminal Complaint

1. File a police report through the Campus Police at **4-9-1-1** (on-campus) or **765-677-4911** (cell phone/off-campus), or through another appropriate law enforcement agency.
2. See "Getting Help" below for additional guidance.

### Getting Help

If you are a victim of domestic violence, dating violence, sexual assault, rape or stalking:

- Go to a safe place.
- If reporting the crime, notify the police immediately.
- Consider contacting a trusted individual for support.
- Preserve ALL physical evidence of the assault. Do not cleanse yourself in any way. Save all clothing from the time of the attack in separate paper bags. Do not clean anything. If rape drugs are suspected, and you are not jeopardizing your safety, try to obtain a sample of the drink.
- **Get emergency medical care ASAP.** Request a urine test if rape drugs are suspected.
- Write down as much as possible about the attack, including a description of the assailant.
- Consider talking with a counselor.

### Non-Confidential University Reporting

You are encouraged to speak to officials of the institution to make formal reports of incidents. The University considers these people to be "responsible employees." Notice to them is official notice to the institution. You have the right and can expect to have incidents of domestic violence, dating violence, sexual assault, sexual misconduct or stalking to be taken seriously by the institution when formally reported, and to have those incidents investigated and properly resolved through administrative procedures. Formal reporting means that only people who need to know will be told, and information will be shared only as necessary with investigators, witnesses, and the accused individual.

To file a complaint against another student, contact one of the following:

- Director of Student Conduct and Community Standards
- Dean for Residential Learning
- Your Resident Director
- Campus Police
- Or complete an incident report at [www.indwes.edu/IncidentReport](http://www.indwes.edu/IncidentReport)

- Human Resources Department
- Campus Police

- Or complete an incident report at <http://indwes.ethicspoint.com/>

### Sanction Statement

- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Contact (where no intercourse has occurred) will likely receive a sanction ranging from probation to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.
- Any student found responsible for violating the policy on Non-Consensual or Forced Sexual Intercourse will likely receive a sanction ranging from probation to expulsion
- Any student found responsible for violating the policy on sexual exploitation or sexual harassment will likely receive a recommended sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous campus conduct code violations.
- In all cases, the university hearing officer reserves the right to broaden or lessen any range of recommended sanctions in the case of serious mitigating circumstances or egregiously offensive behavior. If the sanction is appealed, the Dean for Developmental Learning, or the designee, will not deviate from the range of recommended sanctions unless compelling justification exists to do so.
- Any student found responsible for violating the policy on dating violence, domestic violence or stalking will likely receive a sanction ranging from warning to expulsion, depending on the severity of the incident, and taking into account any previous conduct code violations.
- If the student submits a Case Review (appeal) the Case Review Board may uphold the assigned sanctions or may lessen them based on the information presented. A decision from the Case Review Board is final, there are no further avenues for appeal.

### Standard of Evidence

In compliance with Title IX, IWU utilizes the standard of “preponderance of the evidence” for campus disciplinary proceedings involving sexual misconduct. This is a burden of proof in which it must be determined to be more likely, or at least 51% certain, that the alleged violated has or has not occurred.

## University Reporting Obligations

### Federal Statistical Reporting Obligations

The University has a duty to report sexual misconduct for federal statistical reporting purposes under the Clery Act (34 CFR 668.46). **All personally identifiable information is kept confidential**, but statistical information

must be passed along to campus law enforcement or to a designated office under the Mandatory Reporter Policy regarding the type of incident and its general location for publication in the annual Campus Security Report.

### Federal Timely Warning Reporting Obligations

Victims of sexual misconduct should also be aware that University administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a substantial threat of bodily harm or danger to members of the campus community. The University will make every effort to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger. The reporting obligations for timely warning purposes are exactly the same as detailed at the end of the above paragraph.

### Family Educational Rights and Privacy Act (FERPA) Exemptions

The outcome of a Student Conduct case is part of the educational record of the accused student and is protected from release under FERPA; however, the University observes the legal exceptions set forth below:

- Complainants in non-consensual sexual contact/intercourse, sexual exploitation, sexual harassment, stalking, and relationship violence incidents have an absolute right to be informed of the outcome, essential findings, and sanctions of the hearing, in writing, without condition or limitation.
- The University may release publicly the name, nature of the violation and the sanction for an student who is found in violation of a University policy that is a “crime of violence” including: arson, burglary, robbery, criminal homicide, sex offenses, assault, destruction/damage/vandalism of property, and kidnapping/abduction. The University will release this information to the complainant in any of these offenses, regardless of the outcome.

*This policy adaptation is derived from a copyrighted model policy developed by the National Center for Higher Education Risk Management (NCHERM.org). Unauthorized use without NCHERM consent is prohibited.*

## Mandatory Reporter Policy

IWU encourages all students, faculty, and staff to review the sex-offender registry to become more aware of potential dangers in their area.

## Training

Training on awareness, prevention, and reporting of sensitive crimes is provided for incoming freshman and transfer students during the week of New Student Orientation. The training is provided in a large group format. Attendance at the session where the training occurs is mandatory for all new students. The training is conducted by full-time university professionals who are aware of the issues involved in sensitive crimes, university policy, and the process for investigating and reporting crimes.

The training covers:

- The definitions of Sexual Assault, Dating Violence, Domestic Violence, Stalking, and Consent
- Strategies for preventing and reporting sensitive crimes
- Strategies for bystander prevention, intervention, and reporting of sensitive crimes

On-going training is provided to all students through the Student Government workshop series, residence hall trainings, postings on residence hall video boards, and strategies and tips postings in the Daily Development email system.
