- Servant leadership: A chaotic leadership theory. Paper delivered at Regent University. Servant Leadership Roundtable. Virginia Beach, VA. August 2005.

Scholarly Accomplishments

Research Summary

Primary interest is in values-based forms of leadership including the leader attributes and behaviors that operate in a values-based perspective. Related concepts include authenticity, trust, commitment, motivation, inspiration, hope, love, and communication. Recent work has focused on followership. Similarly, interest exists in the priority of and development of the human element in an organization. Research accomplishments include various publications, presentations, and teaching activities as reported throughout the curriculum vitae.
