choose to meet Ben Carson. This man has provided both me and countless other individuals a source of inspiration for their aspirations. His accomplishments in the medical field are nothing short of remarkable, and I would consider myself truly blessed if I had the opportunity to meet him.

**Strange thing I did as a child:** As a five year old child I attempted to ride one

of our horses bareback, and as one might expect, it did not end well.

### Ethan Gormong

**Home:** I am from Spooner, Wisconsin.

**Major:** I am planning to major in chemistry.

## Class of 2017

### **If I could meet any famous person, dead or alive (and excluding Jesus), it would be:**

Gov. Sarah Palin, because I feel she has exhibited a remarkable faith in God throughout her life, and political career especially, and she specializes in common sense solutions and witty remarks. She also speaks up for our troops and those with disabilities.

**Strange thing I did as a child:** I used to lie on the floor while *The Big Comfy Couch* TV show was on and do the clock stretch with the main character, Loonette the Clown.

## Jessica McIntosh

**Home:** I am from Versailles, Indiana.

**Major:** I plan to major in vocal performance with a minor in youth ministry.

**Favorite quote or Bible verse:** My favorite Bible verse is John 11:35: "Jesus wept," because it shows that he really did go through the pain that we go through and that he really does understand just how hard life on this earth can be.

**In college, I am most looking forward to:** Being around people who share the same passions as me for God and music.

**If I could meet any famous person, dead or alive (and excluding Jesus), it would be:** I would want to meet Colton Dixon. The way I see it, I'm going to meet Jesus one day when I go to heaven so I want to meet someone that I may never have a chance to meet, such as Colton Dixon. If I had the chance to meet him, I would ask him about how he handles fame and still stays true to who he is as a Christian.

**Strange thing I did as a child:** When I was six months old, my family went on vacation up to Indiana Beach on Lake Michigan, and I was perfectly fine until my mom or dad placed my feet in the water. Once the feet touched water, I screamed bloody murder. The irony of this story is that I LOVE to swim and I LOVE to be in the water. That is one of the funniest, strangest things I ever did as a child growing up.

## Adam Munshaw

### *Servant Leader Scholarship Recipient*

**Home:** I am from Mechanicsville, Maryland.

**Major:** I plan on majoring in Christian ministries.

**Favorite quote or Bible verse:** In relation to sharing the Gospel, my favorite quote is from Pastor Perry Noble at Newspring Church, "Every number has a name, every name has a story, and every story matters to God". My favorite Bible verse was chosen because of all of the times it provided strength and refuge to me in times of need. It's Philippians 4:6-7: "Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus."

It has been such a blessing to lead and see God's will accomplished.

**In college, I am most looking forward to:** Forming new relationships and friendships off, while also expanding my knowledge in preparation for full-time ministry. **In college, I am most looking forward to:**

Living in the dorm, making new friends, and having new experiences. I am also excited about getting into my major.

**If I could meet any famous person, dead or alive (and excluding Jesus), it would be:**

Hmmm...that's a tough question. I would really like to meet Martin Luther King, Jr. I admire how he took a stand for what he believed was right and how he recognized that violence against violence would only worsen relations between blacks and whites. I am also curious of what he would think our racial and equality issues today.

**Strange thing I did as a child:** It took me a really long time to learn how to walk because I learned to get around by bouncing on my bottom. I just sat Indian style and used my legs to scoot me around. I was pretty efficient at it.

**If I could meet any famous person, dead or alive (and excluding Jesus), it would be:** This is that question that I've never really known how to answer. At the moment I suppose running into Paul (with a translator) would be cool. He was a great apologist of his day, and with his conversion story and writing most of the New Testament, I'm sure it would not be a boring conversation!

**If I could meet any famous person, dead or alive (and excluding Jesus), it would be:** If I could meet one famous person it would be Queen Esther. I would love to sit and talk with her about how she saved her people. She is one of the most courageous women in history, to be able to hear her story, and how she felt and listen to any advice she could give me would be one of the greatest experiences ever.

**Strange thing I did as a child:** One of the funniest things I did as a child occurred when I was about four or five years old. I was standing in the front row on the steps in front of the church sanctuary while all

of us little kids sang Christmas songs for the church Christmas program. For some reason I decided I didn't want to sing anymore, so instead of standing there like any normal stubborn child, I turned to the boy next to me and tackled him to the floor. We started wrestling in the middle of the program right in front of the church and God and everyone. Best of all my parents caught it every minute on camera and have never let me forget about it since.

## Class of 2017

**Strange thing I did as a child:** When I was very little, around the age of three or four, my mother liked to grill hamburgers out on the back porch. One day, the grill caught on fire and she had to call 911. Well, of course, a policeman showed up at our door. I remember watching the policeman walk into the backyard and start talking with my mother. I was so scared that I ran into my sisters arms and started yelling, "Please don't let them take Mommy away." I was convinced that the policeman was there to arrest my mom, although he was only there to make sure that she was okay!

The next morning I looked in for the fish and all that was left of the pet fish was a piece of skin floating at the top. I got real angry and upset with the creek fish for eating my pet so I took them back to the creek and released them so I didn't have to look at them anymore.
