

Ministry Context Form

Student Name: _____

Student ID: _____

I understand that the curriculum of Wesley Seminary is designed so that assignments are directed toward individual students' ministry settings.

I understand that to successfully complete my assignments, I will need to be engaged in ministry, at the minimum, in a volunteer capacity.

I understand that the role I am currently serving in may change, to that the point that there may even be a season where I do not have a specific ministry role. I understand that it is my responsibility to find a new ministry role as quickly as possible so as to be able to successfully complete my assignments. During seasons when I do not have a ministry role, I will be asked to apply my assignments to, at the minimum, a past or hypothetical-future ministry role.

I understand that certain assignments may ask me to engage in ministry in new ways. I may be asked to seek out information that I have not accessed previously. I understand that this may require me to make new ministry connections and I am committed to doing so.
