New Student Registration

New Student Registration is a time for incoming freshman for Fall 2021 to register for their courses. This year it is held on March 13. This is important for you because there is a chance you may need some of the same lower level courses that they do. Please complete your registration of courses before March 13 to ensure you get into the courses needed. We open up registration to you in February for this reason! Make sure you have:

- Met with your advisor
- Received approval for your courses
- Clicked on Register for each course
- You can tell that you are registered if the courses are showing as green in your Student Planning Calendar View for Fall 2021

If you have questions or concerns about your course scheduling, please reach out to your advisor.

The DeVoe Division of Business Gains an Orr Fellow!

The Orr Entrepreneurial Fellowship is a program that selects top seniors from institutions in Indiana and Ohio for a two-year fellowship and career placement at a variety of growing companies in Indianapolis. With over 1,000 applicants every year, the fellowship is a highly competitive post-grad experience with an average acceptance rate of only 6 percent.

Jaqui Fernandez will graduate with an International Relations and Marketing major and Spanish and World Languages minor. She will be employed at Lev+ while participating in the Orr Fellow curriculum, networking with the local business community and developing her skills as a professional. In addition to Jaqui, eleven other IWU alumni have been accepted in to the Orr Fellowship since 2009.

SAVE THE DATES!

2021 Graduates!
