We believe hands-on experience is one of the best ways to be equipped for a successful lifelong career. All students are able to complete a supervised internship in their field of study. We help our students in the process of finding an internship through advising meetings, networking opportunities, and our contacts throughout our communities and industries.

**It's your final month of Spring Semester! Please complete all fall registration before you leave campus. The last day to register for a summer internship will be May 11th, please stay in contact with your advisor on adding the course.**

## Marketing Students Lead the Meal Swipe Challenge

Senior Marketing student, Vanessa Donovan led a project to raise money for the Grant County Boys and Girls Club after the organization came and spoke to her Digital Marketing class. Students across campus were encouraged to donate up to 5 meal swipes from their accounts that would transfer as money to go directly to the Boys and Girls Club. Pioneer Catering worked closely with the project to ensure the success. In the end, students raised \$2500 in the challenge!

## Management Principles Students Give to Grant County Rescue Mission

Students in Principles of Marketing raised \$3,357 to give to Grant County Rescue Mission. The assignment is called the Investing Talents assignment and is done every semester. Groups of students completed activities such as selling donuts, Bake Sales, Hume Run Derby, and more. We are proud of our students and their hearts to serve!
